REVENUE AND SETTLEMENT

From

Khan Bahadur J. Hussain, Bar-at-Law,
Collector of South Kanara.

To

The Secretary to the Board,
Land Revenue & Settlement,
Madras.

Sir,

Establishment - Temporary - 2 draftsmen - Retention for 1932-33 - Proposed.

******

The two temporary draftsmen were first entertained for this district in 1927 for one year. They have been retained since then on annual sanction by the Government. Their retention for 1931-32 was sanctioned in G.O.No.s.714, dated the 27th March 1931. The subdivision work in this district continues to be heavy. The number of subdivisions sanctioned for the year ending 31st January 1930 was 9655, for the year ending 31st January 1931, 12,441 and for the year ending 31st January 1932, 9655. The average of these 3 years comes to 10,653 subdivisions. The number of subdivisions likely to increase this year due to the increased number of darkhast cases in every Taluk. According to the outturn fixed by the Land Records Director, the scrutiny and plotting of 10,653 subdivisions will engage the three draftsmen for 8 months nearly. But in this district the scrutiny and plotting of subdivisions has been found to be peculiarly difficult and an outturn of 200-250 subdivisions including scrutiny and plotting was found to be sufficient in ---- Mr. Watsons report (the then Director of Land Records) Dis.No.533/1920, dated 16-12-1920 to the Board, a copy which was submitted to the Board with this office report Ref.C.No.1222-L-27, dated 5-2-1927. The difficult part of the work continues as before. Hence the latter part

is to be taken as a guide in determining the retention of the two draftsmen for 1932-33. Thus at 750 subdivisions a month for 3 draftsmen (2 Temporary and 1 permanent) at least 14 months will be required to clear off 10,653 subdivisions leaving aside the other items of work which they have to do viz (1) scrutiny of errata files, (2) preparing copies of plans involved in current papers, (3) checking of maps of new fields for which independent plottable data are supplied and (4) checking by one draftsman the computation of areas made by another in errata files etc. A special feature of this District is the steady formation of numerous new fields which involve more considerable scrutiny and plotting work than that of ordinary subdivisions. A large number of errata cases containing resurveyed sketches of defective fields add to the heavy work retarding the progress in the scrutiny and plotting of subdivisions in the ordinary course. In view of these facts one permanent and 3 temporary draftsmen were working under the Land Records Tahsildar in this District till the abolition of the Land Records establishment in the year 1921 In the interests of administration the retention of the two temporary draftsmen for the year 1932-33 will thus be absolutely necessary. I request that the Government may be moved to sanction the above temporary establishment. The cost of the retention of this establishment has been included in the budget estimate for the year 1932-33 under "5 (a) Land Revenue - Charges of Administration - Taluk Establishments.

From the Board of Revenue(L.R.&S) Ref.G.642/32-1 dated 26-2-32.

O R D E R:-

The Government are satisfied that the amount of work connected with the scrutiny of the Sub-division sketches and the plotting of them in the Field Measurement Books in the South Kanara District continues to be such that the further retention of the two draftsmen sanctioned in G.O. Ms.714 Revenue dated 27th March,1931 is necessary. They accordingly sanction the retention of the two draftsmen for a further period of ~~xxxxxxxxxxxxxxxx~~ one year from 1st April,1932.

2. The cost of the establishment should be
